LETTERS SQUAD

What's up, Squad! Wow! Sonic finally cured the world from the Metal Virus and had a moment of peace. Thank you to everyone who has followed the Metal Virus Saga and thank you for joining Ian Flynn, Adam Bryce Thomas, Matt Herms, and Shawn Lee for the conclusion, "Recovery, part two." Now, on to the letters!

Hey guys! Marcie again.

I've thoroughly enjoyed the zombot saga from beginning to end, and I'm very satisfied to see it reach its conclusion. This story really pushed these characters to their limits, and it's been interesting seeing the different ways they deal with crisis. I've attached some celebratory art for another arc well done! Good luck to the team with what's coming next, and a special good luck to Evan with more writing duties! I look forward to it.

Marcie Hobbs

Hey, Marcie!

Wow, your art is amazing and perfect for issue #32! You knew a happily ever after was coming, huh? The Metal Virus has really pushed the characters to the limit, you're right; it's been interesting to see the new relationships that have been formed or old

relationships that have been strengthened by their experiences. Thanks for the good luck! We've gotten a sneak peek at what Evan Stanley is doing, and we're excited for the world to see it! You'll see some old faces, some new faces, and maybe even some badnik bases.

I have been a fan of Sonic for 17 years, and I love this series! The Metal Virus arc had me on the edge of my seat and I cried tears of joy when Super Sonic and Super Silver finally cured the world.

How long will it be before Sonic returns? And will Zavok be wanting revenge once more? And is Mimic making a return?

One of your biggest fans,

Mark F.

Hi, Mark!

Super Sonic and Super Silver coming together to cure the world was really awesome. I'm sorry for your tears but happy to hear that you were gripped by the story. It's always great to hear that the hard work the amazing creators put in inspire such emotions. I think I also shed a few tears at the end of #30 and this very issue!

Sonic is back and healthy, but as for Zavok and Mimic... check out the upcoming Bad Guys miniseries starting next month... It will be slightly less tear inducing but just as much action.

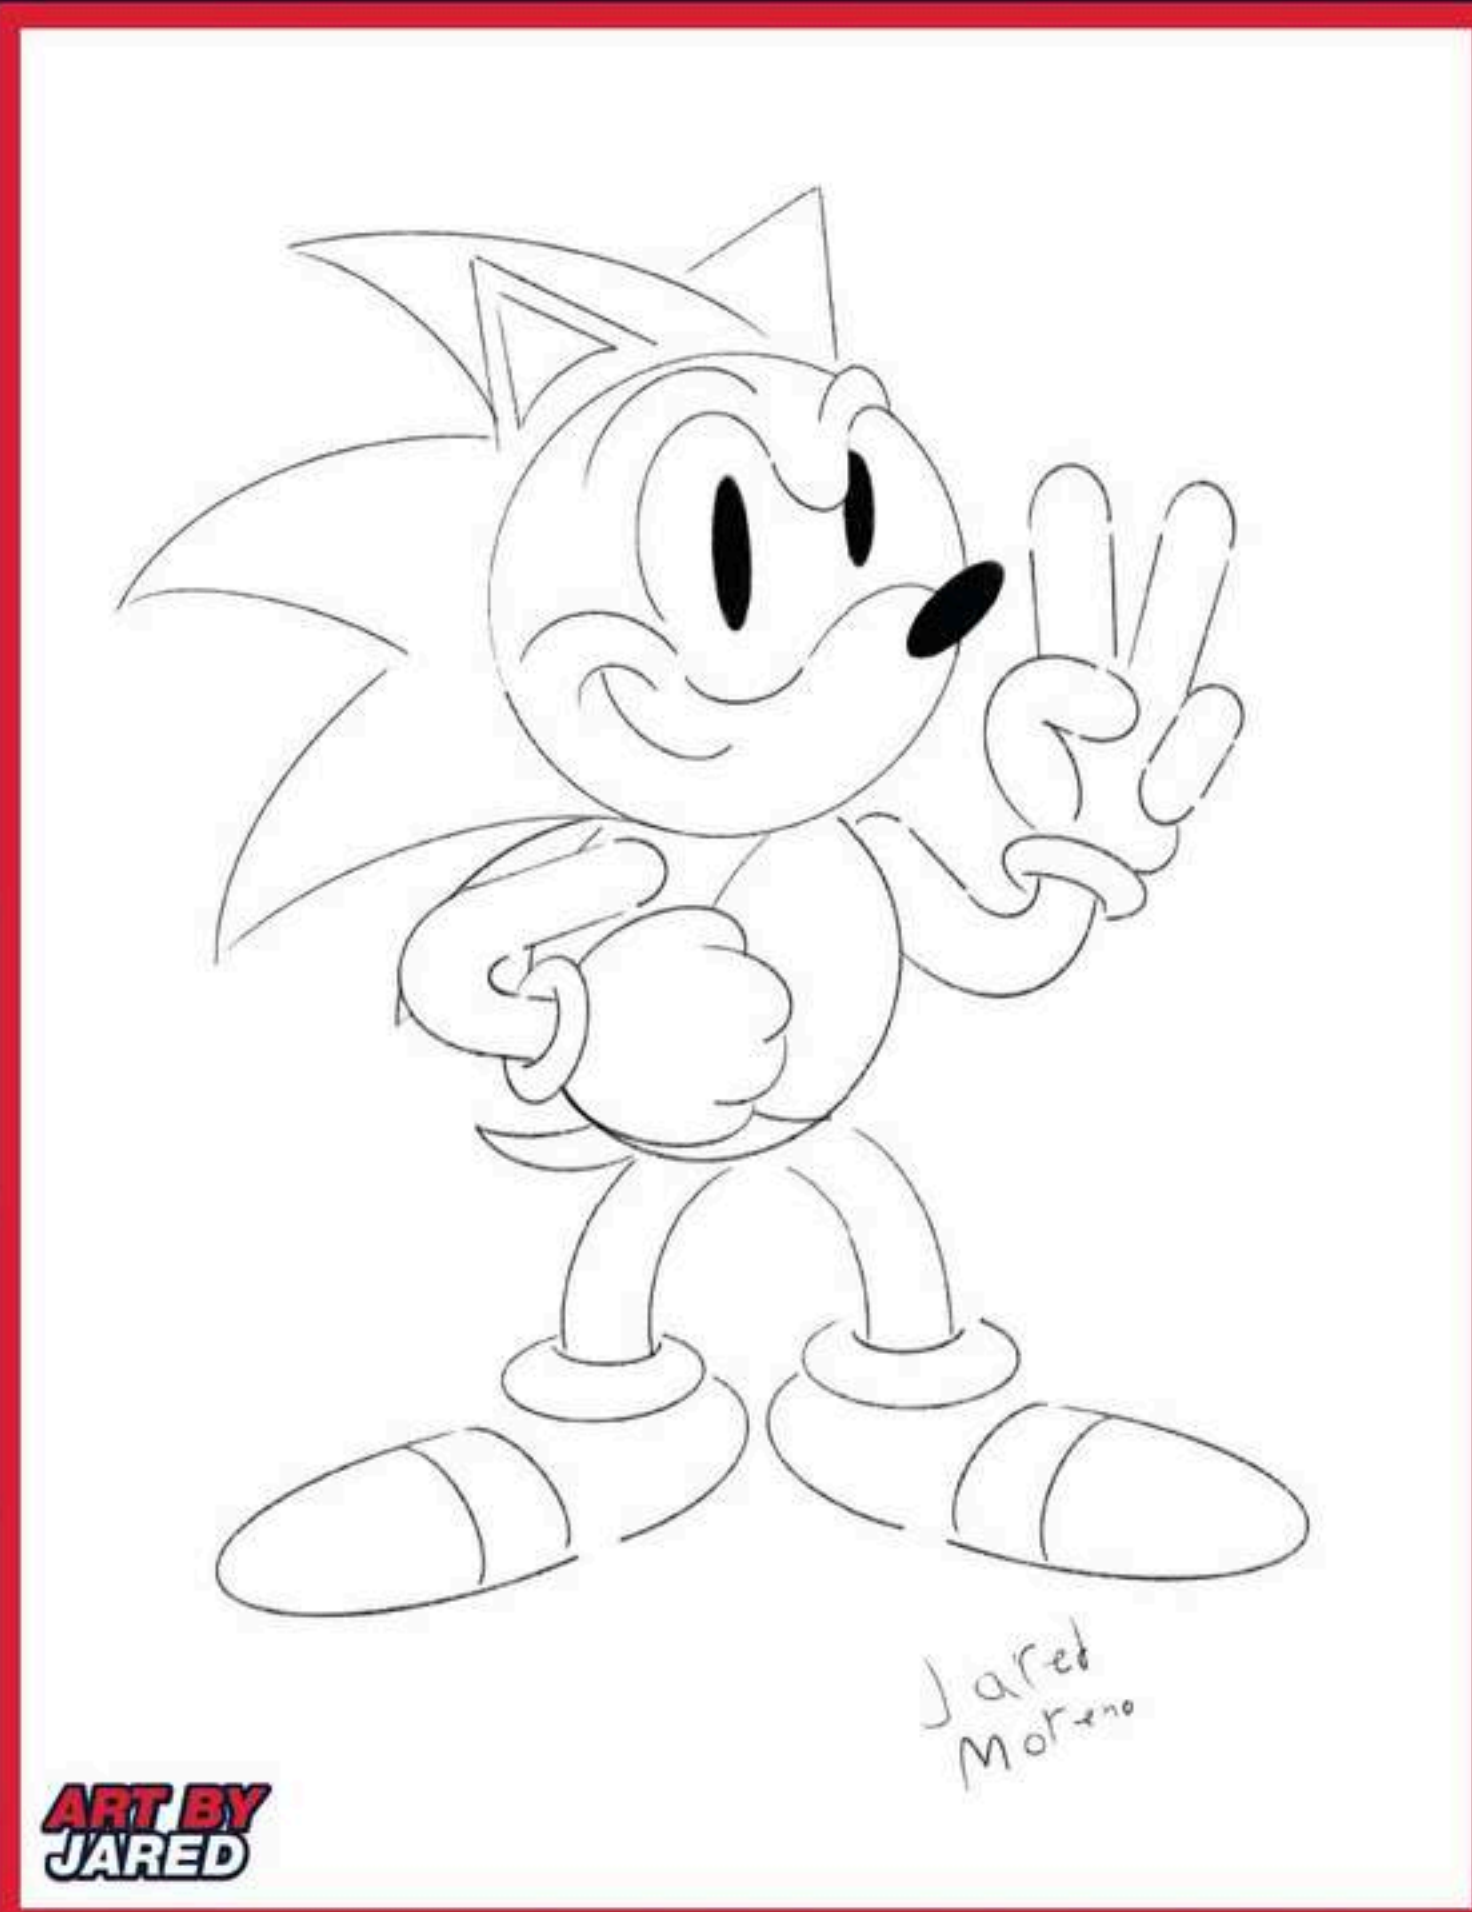

Hello IDW,

I'm Birdie, I'm 12 years old and sometime in the future I want to become an animator!

I have been a Sonic fan since I was little, but I've only been reading the comics for about a year. I really like the art in the comics, because it's so different from the games.

My favorite character is Nack the Weasel, and I'm hoping he makes it into the comics some day!

Here is a drawing I made of Don and Nite as humans.

Hi, Birdie!

Thanks so much for reading and enjoying our comics. Your Don and Nite drawing is super cool, I love seeing human takes on these characters, especially new and original characters! It's so cool that you want to be an animator. A lot of comics artists and writers also work on animations and video games, so reading comics and playing video games is a great way to learn. Illustrations and words together, whether in a book or on a screen, is a really special medium that not everyone understands, but those that do are enamored by the magic it can create.

Thanks for joining us, Squad. Don't forget to send your art and letters to letters@idwpublishing.com, and make sure to mark them: "OKAY TO PRINT!" And join the IDW Sonic Comics Squad on Facebook! Next month, it's off to the races with new writer Evan Stanley in "Chao Races and Badnik Bases, part one"!
